COVER LETTER

Dear Sir or Madam,

With a proven track record of successful achievements, I am pleased to present my application for your consideration as a Frontend Developer in Berlin.

I have a background in Web Development and experience of successfully designing responsive websites layout, usability and appearance.

Over the last few years, I have had the opportunity of working for several companies, this has given me extensive UX Design knowledge and technical skills.

My web frontend developing expertise includes

- Designing, building and maintaining cross-browser, cross-devices responsive websites;
- Being proficient writing concise, reusable and maintainable code using HTML5, CSS3 (SMACSS, SCSS, COMPASS), JavaScript, JQuery, JQuery UI, GruntJS;
- Strong knowledge using the Adobe Creative Suite (Photoshop, Illustrator, Indesign, Premiere);
- Extensive knowledge in Framework Symfony2 and CMS Wordpress, Typo3, Drupal.

I possess excellent communication skills and can liaise effectively with both clients and work colleagues (french/german/english).

Other strong points include an ability to work as part of a team or individually, multi-task, prioritize and work to deadlines under pressure.

Therefore I would be highly gratified if you consider me for this position in your company.

Please refer to my portfolio and resume for my full skills matrix and I hope to hear from you soon.

Yours sincerely,
Karim Apollinaire Soufi
